

# Experience. Innovation. Quality. Performance.

Since 1888, Saint-Gobain ADFORS has been clearly focused on being the industry leading supplier of woven mesh products. Combining innovative machinery and technologies, and sourcing quality materials gives ADFORS a competitive edge over other suppliers. ADFORS has been producing high performing, quality fabrics for a variety of applications since the turn of the century and will continue to bring new and innovative products to market with a keen focus on quality and performance.

## About ADFORS

Saint-Gobain ADFORS is the premier supplier of standard and specialty insect screens and accessories.

Our quality and expertise is unrivaled when it comes to delivering a screen to meet every need the market requires. We continually lead the way in delivering innovative new products to the market and consistently are ahead of industry trends. Our focus on the fastest growing screen market segment, specialty screen, is evident in the mix we're able to offer our customers.

### Over a century of Experience

- In-house weaving and coating technologies
- Deep knowledge of Window and Glass market through Saint-Gobain Glass
- Strategic procurement relationships

### Market leader in Innovation

- World class R&D facilities - first to market with many new products
  - The ONLY flame resistant pet resistant screen on the market
- Multiple patents
- Expert coating capabilities for achieving production efficiencies
- 5 yarns specifically designed for insect screen
- Production and QA technologies
- ADFORS is leading the industry by offering a complete line of ortho-phthalate free screen

### Laser-like focus on Quality

- In-house yarn coating & inspection
- Mapping technologies digitally detect weaving flaws
- Manual inspection as secondary quality control
- Strict adherence to ASTM standards
- ISO certified
- Vertically integrated yarn supplier – complete QA control of yarns
- GREENGUARD Gold Certification

### Excellence in Performance and service

- Product availability
  - Vertical integration allows for consistent supply of yarns
- On-time delivery - centrally located DC in the U.S.
  - Eliminates full truckload requirements
  - Daily deliveries of product
  - 2 day turnaround time for shipping and receiving
- World class customer service and support
- Marketing tools and support

## Standard Screen

Bright

### Aluminum

Strong and durable screening that resists rust and will not sag. A protective finish prevents corrosion and strengthens the weave. Available in bright, charcoal, and black finish. Charcoal and black finishes reduce glare for greater visibility.

Mesh: 18 x 16, Diameter: .011

#### 100' Rolls

Widths: 20", 22", 24", 26", 28", 30", 32", 34", 36", 42", 48", 54", 60", 72"

Charcoal

### Fiberglass

Flexible, economical and easy to install screening. Will not crease, dent, or unravel. The most commonly used screening for new construction. Available in gray and charcoal color.

Mesh: 18 x 16, Diameter: .011

#### 100' Rolls

Widths: 20", 22", 24", 26", 28", 30", 32", 34", 36", 42", 48", 54", 60", 72", 84"

#### 600' Rolls

Widths: 16", 18", 20", 22", 24", 26", 28", 30", 32", 34", 36", 38", 40", 42", 44", 46", 48", 54", 60", 72", 84"

# Screen

## Looking for Specialty Screen Solutions

Meets the needs of the target consumer groups we've conducted. Focuses on solutions towards using specialty screens for functional needs, and are designed to meet the needs of the target consumer groups we've conducted.

Our Specialty Screen assortment offers consumers the premium functionality they desire. For a minimum investment over standard fiberglass, specialty screens give much higher profit potential with each sale. Increase profits by offering ADFORS specialty screening.

### ViPer

ViPer - Vision Perfect screening is the clear-cut choice for premium quality and clarity. ViPer utilizes an enhanced tighter weave and finer mesh woven from smaller refined yarns as compared to standard fiberglass screening. This construction allows for sharp and brilliant visibility through windows and doors, and better airflow and insect protection.

Available in charcoal color.  
Mesh: 18 x 18, Diameter: .009

#### 100' Rolls

Widths: 18", 24", 28", 30", 32", 34", 36", 48", 60", 72"

#### 600' Rolls

Widths: 18", 20", 24", 26", 28", 30", 32", 34", 36", 48", 60", 72"

### Extra Strength

Extra Strength screen is our strongest fiberglass screen. The Extra Strength screen's heavy weight weave is 40% stronger than standard fiberglass mesh providing greater protection and long-lasting durability while offering excellent outward visibility. Available in charcoal color.

Mesh: 18 x 14, Diameter: .013

#### 100' Rolls

Widths: 36", 48"

### Pet Resistant

Extra strong screening resists tears and damage by dogs and cats yet still offers superb outward visibility. Ideal for areas where children or pets push against the screen. Available in charcoal color.

Mesh: 14 x 10, Diameter: .025

#### 100' Rolls

Widths: 36", 48", 60"

### Pollen Guard

Pollen Guard screen is specially designed to block up to 50% more particles than standard fiberglass insect screen. This screen is a unique polyester knit fabric that creates a barrier for most pollen, dust, and other allergen particles making it ideal for allergy sufferers. Pollen Guard screen allows air to flow in while keeping dust and pollen particles out. Available in charcoal color.

#### 100' Rolls

Widths: 36", 48"

### Sun Guard

A fiberglass screen crafted to block up to 75% of the sun's rays entering a building. Reduces air conditioning cost and prevents fading of furniture and carpets indoors. Perfect for exposed patios, decks, sliding doors and windows. Available in charcoal color.

Mesh: 54 x 18, Diameter: .011

#### 100' Rolls

Widths: 24", 30", 36", 48", 60", 72", 84" & 96"

### Pool & Patio

Heavy-duty fiberglass mesh designed for use in pool, patio, porch and sun room enclosures. It is ideal for larger openings where extra strength is needed. Available in charcoal color.

Mesh: 18 x 14, Diameter: .013

#### 100' Rolls

Widths: 36", 42", 48", 54", 60", 66", 72", 78", 84", 90", 96", 102"

BRONZE

GALVANIZED STEEL

Comprised of 90% copper and 10% zinc. Premier bronze screen offers superior strength and durability in a bright gold finish that will oxidize to a green patina. Mesh: 18 x 14, Diameter .011

#### 100' Rolls

Widths: 24", 30", 36", 48", 60"

Tough electro-galvanized zinc-coated steel for use in industrial and heavy duty applications. Mesh: 18 x 14 Diameter: .009

#### 100' Rolls

Widths: 24", 30", 36", 48", 60"
